

## Alteration of Academic Calendar in Academic Year 2020

With the alteration of Assumption University's academic calendar commencing in the academic year 2020, the start of the first semester for all undergraduate programs will be in the month of June, while that of the second semester will be in the month of November, and the summer session will be in the month of April (Note: the specific date of the commencement of each semester and summer session would vary from academic year to academic year), hence all undergraduate program students are advised to access the information pertaining to the new academic calendar, and devise their personal plans as well as study plans accordingly.

Students who need special advice regarding their study plans can contact their academic advisor, and chairperson. It is advisable that the request for advice should take place at the beginning of the semester so as to facilitate the adjustment of students' personal as well as study plans for the following semesters.
